This is a ~7 mile series of 25 traditional caches between Goldhanger and Tollesbury, which would ideally be combined with other parts of the Essex 100 series.

The Chequers pub in Goldhanger is highly recommended. I would highly recommend a backpack and picnic to make this a day out - but **take your litter home.**

At the end in Tollesbury village square there is the King's Head pub and a convenience store: McColl's;

The following overview map shows the recommended route and **approximate** cache locations.
